

**Charter Partners Tax & Business Tips**  
**How we work out your tax**

There would not be too many business operators who do not want to minimize tax and maximize profits. The challenge is how to do that, and still meet the compliance requirements.

Charter Partners offer the compliance expertise and support that you need from accountants, as well as working closely with you to develop effective strategies and tax structures, to ensure that you pay no more tax than necessary. We can calculate your overall tax position, prepare your tax return, with the necessary claims and elections, and submit it to the Australian Tax Office (ATO).

**How we do this:**
